As a driver 2 spin rule, it happens to
Don. 1 spin back to position 2nd gone
Spun out 2 times gone, need to be consistent

Needs to be written & consistent 1/2 right

1st lap. Who ever causes spin out counts 1

if yellow on 1st lap it's a restart.

Member needs to be in the rules how

its gonna be on spin out rule. No matter

what it is but needs to be in the

rule Book for everyone to understand

in urgency of the race. Starter
gotta know the rules. Communications

make all rules the same
for everyone. The starter needs to take
actions on his own. DOC needs to
be called flagger then. DOC does
not say nothing at flags. Flagger
should rely on DOC and score keeper
maybe someone else to help keep an
eye on track. Flagger may not see
all. And more options and back-up.

Someone Manage on & off the track. Back
Straight. turn one. 3 corners covered.

DOC. Controlled until flagger takes over
